

## Public Consultation Emerging Preferred Option

Have  
your say

Iarnród Éireann is about to embark on Stage 1 of the DART+ Coastal South Project which will deliver the infrastructure enhancements required to enable **an increase in train frequency from two trains per hour to three trains per hour** between Bray and Greystones.

### The proposed infrastructure interventions include:

- Upgrade of Ennis Lane Level Crossing
- Railway Infrastructure Modification
- Modifications to Bray (Daly) Station
- General upgrades to existing signalling, telecoms and power supplies

### How to Engage

The public is invited to contribute to this Public Consultation process to express opinions on the DART+ Coastal South project Emerging Preferred Option. The consultation period is now open and full details about the project, including information on public engagement events such as webinars and in-person sessions, are available on the project website at [www.dartplus.ie](http://www.dartplus.ie).
